PROJECT & PEOPLE MANAGER, PMP®

+39 379 131 3563 | giorgiorivolta90@gmail.com | Cesano Maderno (MB), Italy
Linkedin Profile: Giorgio Rivolta | Personal site: giorgio.rivolta.pro

PROFESSIONAL PROFILE

Project and people leader with 15+ years of experience translating business priorities into secure, scalable technology outcomes across Cloud, Data, Analytics and AI. Proven in leading complex, multi-stakeholder programmes for Fortune 500 organisations, managing teams of 50+ professionals and budgets up to EUR 5M. Combines delivery discipline with a coaching-led leadership style, executive communication and strong customer orientation.

LEADERSHIP SNAPSHOT

15+ years in IT delivery
Teams of 50+ people
Budgets up to EUR 5M
Fortune 500 clients
Cloud, Data & AI programmes
PMP and PSM I certified

CORE LEADERSHIP VALUE

STRATEGY TO EXECUTION	PEOPLE LEADERSHIP	CLIENT & EXECUTIVE TRUST	TECHNOLOGY TRANSFORMATION
Scope, roadmap, governance, budget, risk and measurable delivery.	Coaching, empowerment, conflict resolution and cross-functional alignment.	Clear communication across business, technology, suppliers and leadership.	Cloud migration, data platforms, analytics, AI/ML and digital services.

PROFESSIONAL EXPERIENCE

Project & People Manager – IT & AI | Avvale S.p.A. **2021 - Present**

- Lead complex IT, Data Management, Data Analytics, AI and Machine Learning initiatives supporting enterprise digital transformation.
- Directly manage a team of 15 professionals with diverse technical skills and seniority levels, supporting performance, development, engagement and effective collaboration; coordinate extended project teams of up to 50+ people.
- Own end-to-end governance across scope, plans, budgets, risks, critical issues, suppliers and customer expectations.
- Build trusted relationships among commercial, technical and operational stakeholders, including international clients and third parties.
- Apply Scrum and PMI practices through steering routines, Gantt plans, status reporting, risk analysis, post-project reviews and lessons learned.

Client Project Manager | NTT DATA S.p.A. **2019 - 2021**

- Managed cloud-enabled digital transformation initiatives for Fortune 500 clients, balancing technical complexity and business continuity.
- Planned and controlled activities, priorities, budgets, risks and critical issues to ensure predictable delivery and stakeholder alignment.

Cloud Delivery Manager & Scrum Master | Irideos S.p.A. **2015 - 2019**

- Coordinated delivery teams and stakeholders throughout the lifecycle of cloud services and customer solutions.
- Acted as Scrum Master, enabling iterative delivery, team collaboration, issue resolution and on-time execution.

Support Team Manager | Enter S.r.l. **2013 - 2015**

- Led technical support activities for cloud environments and served as escalation point for VIP customers.

Network Administrator | Enter S.r.l. **2011 - 2013**

- Resolved customer network and security issues, building the technical foundation for later delivery leadership roles.

GIORGIO RIVOLTA | BUSINESS IMPACT & KNOWLEDGE

SELECTED PROGRAMMES & BUSINESS IMPACT

PROCUREMENT DATA HUB - ENERGY

2021 - 2026 | Team: 50 | Budget: EUR 2M-5M

Led the assessment, design, development and deployment of a unified Azure Data Platform integrating Microsoft Access, SAP, Oracle and other data sources.

Created a single source of truth for procurement data, strengthening data accuracy, reporting, decision-making and operational agility.

Coordinated infrastructure, engineering, analytics, business and senior stakeholders while assuring performance, scalability, security and customer alignment.

ON-PREMISES TO AZURE MIGRATION - EYEWEAR

2019 - 2021 | Global team: 14 | Budget: EUR 1M-2M

Directed the migration of 50 servers and 20 applications to Microsoft Azure, including functional assessment, architecture, sequencing and risk mitigation.

Protected business continuity while improving scalability, security, system performance and future cloud readiness.

Connected engineers, architects and stakeholders across regions through structured governance and transparent executive updates.

ENTERCLOUDSUITE - CLOUD SERVICE PLATFORM

2015 - 2019 | Team: 9 | Budget: up to EUR 1M

Led end-to-end delivery of a self-service cloud management platform, aligning developers, UI/UX designers and infrastructure engineers.

Introduced agile ways of working and managed scope, milestones, resources, budget and executive communication.

Delivered a scalable customer-facing service that expanded the company offering and improved autonomy and operational efficiency.
